LANDLORD WATER ACCOUNT

Water is turned on for a two (2) week period only. Property owner pays one time non-refundable connect fee and will be billed for water consumption (0-2500 gallons is a minimum bill), sewer, hydrant, trash and debris removal fee where applicable.

SEASONAL WATER ACCOUNT

Property owner opens water account and pays a one time connect non-refundable connect fee and will be billed monthly for water consumption (0-2500 gallons is a minimum bill), sewer, hydrant, trash and debris removal fee where applicable. Call City of Manning Utility Department and speak with a live operator in advance of arrival or departure, Monday thru Friday 8:30 a.m. To 5:00 p.m. So our technicians can turn on/off the water and take readings.

During holiday closures please call in advance.

CITY OF MANNING WATER AND SEWER RATE SCHEDULE ADOPTED July 1, 2019

The following Water and Sewer Rate Schedule shall govern the billing of water and sewer usage to customers accessing the City of Manning water and sewer service.

- I. All water usage shall be via metered services read with bills calculated from monthly meter readings. Sewer billing, where sewer is connected to a user, shall be based upon the monthly readings of the water meters. Bills are not prorated, a minimum usage bill is 0-2500 gallons.
 - A. In the event a sewer connection is offered a customer by the City whereat no water service is provided, the sewer billing shall be assessed on monthly basis as if the user was receiving metered water. This determination shall be based on the number of people in the structure, its size and occupancy designation as either residential or commercial, and as compared to a user with similar characteristics receiving water service to derive an estimated monthly usage.
 - B. The City shall offer metered water service, either to a residential or commercial user, based on the customers estimate of need, through the he following size taps:
 - 1. 3/4"
 - 2. 1"
 - 3. 1 1/2"
 - 4. 2"
 - 5. 3"
 - 6. 4"
 - 7. 6"

II. Rates for water and sewer service shall be based on the class of use, either residential or commercial, on the size of the service, and whether it is an in-town or out-of town service, according to the following table:

	Next 8,500 gallons	\$ 5.40 per 1,000 gal
	Over 15,000 gallons	\$ 4.70 per 1,000 gal

MULTI-RESIDENTIAL CUSTOMERS

- III. In the event that a multi-residential customer is served by a single master meter, the customer will be charged the base rate per unit (minimum Water/Sewer charge) times the number of units for the base volume, plus the appropriate volumetric charge. In the event there shall be one account per meter, the party named on the account shall be the party of record for billing purposes. Proposed new multi-residential developments will be required to have individual meters for each unit, and each unit becomes a customer of the City.
- A. Other fees, such as solid waste collection fees, hydrant fees, DHEC user fees, etc., may be billed with the water and sewer service charges as determined from time to time by the City Council.
- B. Nothing contained herein shall preclude the payment of tap fees, impact fees, deposits, service connection fees, delinquent fees, returned check fees, reconnection fees, or other such charges which may be assessed from time to time by the City Council.
- IV. This Water and Sewer Rate Schedule shall become effective on July 1, 2019 and may be amended from time to time by ordinance of the Council for the City of Manning as provided for by law.
